About Us

Established in 2023, JOYTUN Spices and Enterprise have rapidly emerged as a premier, high-growth import and trading company specializing in bulk Agri-commodities, premium dry foods, nuts, and seeds. We bridge the gap between global producers and the thriving Bangladeshi consumer market by ensuring uncompromising quality, supply chain efficiency, and institutional trade compliance.

Headquartered in the capital city of Dhaka, we have systematically cultivated a powerful local footprint. From our primary distribution hubs in the metro area, **our operational reach extends extensively outside of Dhaka**, supplying wholesale markets, food manufacturers, and corporate networks across all major commercial divisions of Bangladesh.

Our business is built on the pillars of reliable logistics, deep market penetration, and absolute financial integrity. By leveraging sophisticated domestic distribution and operating strictly through transparent international trade channels, we provide our global supply partners with an efficient, secure, and highly scalable gateway into the Bangladesh market.

Founded: 2023

Driven by a vision of modernizing bulk food commodity trade.

Geographic Reach

Central Hub in Dhaka with extended distribution channels covering peripheral and divisional domestic markets nationwide.

Product Specialization

Bulk containerized imports of premium almonds, seeds, and elite spice varieties.

Trade Standard:

100% compliant documentation matching international banking customs (UCP 600) for seamless LC clearance.

Vision & Mission

Mission

To bridge the gap between global growers and local tables by directly importing premium spices, nuts, and seeds; cutting out unnecessary middlemen to deliver world-class quality at honest, standard pricing across Bangladesh.

For Our Global Partners: We act as a high-volume, reliable gateway into the Bangladesh market, backed by a robust, multi-channel distribution network that moves containerized cargo swiftly and efficiently.

For Our Local Consumers: We pledge absolute purity and affordability, utilizing our direct import capabilities to pass maximum cost savings downward, making premium nutrition accessible to everyone.

Vision

To become Bangladesh's most trusted, direct-to-market importer and multi-channel distributor of premium Agri-commodities, set apart by our transparent banking standards, operational scale, and deep consumer connection.

Wholesale & Distribution: Dominating supply lines in Dhaka and major divisional markets with consistent, container-load volumes.

Retail Excellence: Establishing modern brick-and-mortar storefronts that offer a premium, sensory shopping experience for everyday families.

Digital Innovation: Scaling an agile, user-friendly online marketplace to deliver fresh spices, nuts, and seeds directly to households nationwide with the click of a button.

THE FOUNDING TEAM

Our organization is co-founded and driven by a dynamic board of working partners. Each owner brings specialized, highly disciplined expertise to ensure seamless international trade execution, absolute financial compliance, and rapid market penetration in Bangladesh.

Aurin Rahman Tarek

Co-Owner & Head of Business Development, Importing & Strategy

Core Focus: Strategic Scaling, Customs/Import Compliance, and Corporate Advising.

Professional Alignment: Mr. Tarek leads the company's long-term growth strategies and oversees legal entry and import clearance. He ensures trade practices align with Bangladesh Customs regulations, tariff frameworks, and international maritime law. By advising on market trends and risk management, he creates scalable pathways for high-volume containerized imports, ensuring stable, compliant, and continuous growth.

Ariful Alom

Co-Owner & Head of Commercial Operations, Banking & Accounts

Core Focus: Trade Finance, Banking Compliance, and Fiscal Management.

Professional Alignment: Mr. Alom anchors the financial integrity and stability of our enterprise. He manages relationships with top-tier commercial banks, ensuring that trade finance instruments—specifically Irrevocable Letters of Credit at Sight—are processed via SWIFT without technical delays. His oversight of corporate accounting ensures transparent governance and risk-mitigated financial transactions for our international partners.

Sourove Hasan Peash

Co-Owner & Head of Global Sourcing, Marketing & Distribution

Core Focus: Strategic Procurement, Supply Chain Architecture, and Domestic Marketing.

Professional Alignment: Mr. Peash acts as the bridge between our global supply partners and the domestic market. He spearheads international product sourcing, ensuring incoming cargo meets global standards. Domestically, he leads our marketing network and distribution channels, driving product placement in Dhaka and nationwide wholesale markets.

FINANCIAL READINESS

01 Payment & Trade Terms

We operate with absolute financial transparency and compliance. To ensure mutual security, efficiency, and zero-risk trade execution, our standard payment mechanism is exclusively via **Confirmed, Irrevocable Letters of Credit at Sight (ILOC at Sight).**

Banking Partners: Driven by top-tier commercial banks in Bangladesh with robust international correspondent networks, ensuring swift LC transmission and validation via SWIFT.

Compliance Standards: All trade finance instruments are issued strictly in accordance with UCP 600 (Uniform Customs and Practice for Documentary Credits) guidelines.

Commitment to Suppliers: We offer LC at Sight to guarantee our partners immediate liquidity and payment security the moment compliant shipping documents are presented.

02 Streamlined LC Documentation & Execution

We value our suppliers' time and liquidity. Our trade finance team works proactively to ensure LC terms are clear, realistic, and free of complex or restrictive clauses.

We typically require standard export documentation, including:

Clean Shipped on Board Bill of Lading (FCA / FOB terms)

Commercial Invoice & Detailed Packing List

Certificate of Origin & Phytosanitary / Quality Certificates (e.g., SGS, Intertek, or government body)

Draft LCs are always shared with our suppliers for review and mutual approval prior to official SWIFT issuance to ensure a seamless, error-free transaction.

Financial Readiness

03 Market Integration & Supply Chain Capacity

Based in Bangladesh, we operate a highly efficient distribution and trading network catering to the rapidly growing domestic demand for premium dry foods, nuts, and spices.

Core Portfolios: Bulk containerized imports of raw/peeled almonds, pistachios, pumpkin seeds, chia seeds, cardamom, and cassia.

Infrastructure: Secured warehousing and local logistics capabilities capable of handling rapid container turnover directly from port terminals.

Growth Trajectory: As a forward-thinking importer, we focus on establishing long-term, high-volume partnerships backed by recurring, reliable credit instruments.
